A VISIT WITH VASSILIS ZIDIANAKIS AT ATOPOS AND CRAIG GREEN'S ATOPIC BODIES (FOUR): THE WICKER CULT

On route to ATOPOS

Dear Shaded Viewers,

I missed the opening for Craig Green's Wicker Cult by one day...needed one day in my bed after Georgia and before Athens...so Vassilis Zidianakis organized a private view with the artist Craig Green at ATOPOS.

Vassilis Zidianakis greeted me at the door to his wonderful space, ASVOFF would love Headquarters like these...

Craig Green

the ATOPOS warriors....I just had a preview of the new book that will accompany the May 14th opening of Vassilis Zidianakis, I heard about a few of their battles and have nick named them the ATOPOS warriors. After my visit we went to a delicious lunch...like in Georgia, there is no lack of great food here.

Later,

Diane
